SUMMARY

Full Stack Developer with experience in building web applications using modern front-end and back-end technologies. Proficient in React.js, Next.js, and Angular for front-end development, and skilled in Node.js, Express, and Django for back-end services. Strong in database management with MongoDB, MySQL, and PostgreSQL, along with API integration and cloud-based solutions. Currently expanding expertise in AWS and DevOps to enhance deployment, scalability, and automation. Passionate about developing secure, user-friendly applications and continuously improving technical skills.

SKILLS

Languages: JavaScript, TypeScript, Java, Python, SQL, C, C++, HTML, CSS

Frameworks & Libraries: ReactJS, Next.js, NodeJS, ExpressJS, TailwindCSS, Shaden UI, BootStrap

Databases: MongoDB, PostgreSQL

Tools & Platforms: Postman, Git, Github, VS Code

Core: Data Structures and Algorithms, Database Management Systems, OOPS, Operating Systems.

EDUCATION

- MITRC College, Alwar | Computer Science Engineering 2021-2025
- XII (RBSE) | Apurva Public Sr. Sec. School, Rajgarh, Alwar 80.2% | 2021

ACADEMIC PROJECTS

- **Movie Recommendation System** | [GitHub](#)
 - A modern movie recommendation system using machine learning algorithms to suggest movies based on user preferences, including genre, cast, director.
 - The system provides personalized movie suggestions, detailed information about movies, and an exceptional user experience.
 - **Technologies:** React.js, Tailwind CSS, Flask, MongoDB, Machine Learning (Content-Based Recommendation System).
- **Advanced Weather Forecasting App** | [GitHub](#) [Demo](#)
 - A modern weather application that brings real-time weather updates and forecasts to your fingertips. With an attractive user interface and reliable data, helps you plan your day better.
 - **Technologies:** Vite, React, Tailwind CSS, TypeScript, OpenWeather API.

- **Online Learning Platform with Question and Activity System** | [GitHub](#)
 - Developed a learning platform featuring topic-wise questions at various difficulty levels and activity management (quizzes, assignments). And performance tracking and recommendation systems to enhance user engagement and learning outcomes.
 - **Technologies:** Vite, React.js, Node.js (Express), MongoDB, JWT Authentication, Tailwind CSS.

COMMUNICATION

- **Languages:** English, Hindi
- Excellent verbal and written communication skills for clear and effective interaction.
- Proficient in **Hindi** and **English**, enabling bilingual collaboration.
- Skilled in simplifying complex technical concepts for diverse audiences.
- Active listener, ensuring understanding and addressing concerns effectively.
- Strong teamwork and interpersonal skills to build positive working relationships.
